

HARRISON MEETING.

Pursuant to a call of the Committee of arrangements, a large and respectable meeting of the citizens of Pike county, friendly to the election of WILLIAM HENRY HARRISON to the Presidency of the United States, convened at the Court-House in Milford, on Wednesday evening the 20th August. The meeting was organized by the following officers:

- MOSES KELLUM, Esq. President.
DAVID SAYRES, Esq. Vice Presidents.
HENRY BARNES, Secretaries.
Dr. A. A. LINES, Secretaries.
BRITTON A. BIDDIS, Secretaries.

The object of the meeting having been stated by the President in a short and appropriate address. On motion of Hon. Wm. Brodhead, a committee of nine was appointed to draft resolutions expressive of the sense of the meeting. The following were appointed said committee.

- Joha Finch, A. Kenner, Limeon Lord, C. W. De Witt, D. W. Dingman, Jr., Benjamin Stickney, Wm. C. Crawford, Ephraim Kimble, Solomon Newman.

The Committee having retired, the meeting was addressed by the Hon. William Brodhead, David Sayres, Esq. D. C. King, and Dr. John Conkling.

The Committee having returned reported the following preamble and resolutions which were unanimously adopted.

Whereas, the people under a "Republican Government like ours have an unalienable right, peaceably to assemble, and to approve, or disapprove of the conduct of their rights, and to take measures to have their grievances redressed.

And whereas, believing that Martin Van Buren has relinquished every principle for which the Democracy have contended, for the last forty years, and finding that his proscription system is spreading corruption abroad, among the incumbents of office within his gift.

And believing that no form of government can exist where personal subserviency, instead of qualifications and integrity are the passports to executive favour.

Therefore, Resolved, that we cannot support Martin Van Buren for the next Presidency, because we believe his administration to be at war with the true principles of Democracy, and that his measures are destructive to the National prosperity, moral integrity, and the simplicity of a Republic.

Resolved, That we cannot support Martin Van Buren because by his scheme for uniting the purse and sword in his own hands, (as in the twenty-two foreign countries, quoted in his last Message, which the Sub-Treasury is in operation) the labouring class, as in those countries, would be brought to poverty without any hope of bettering their condition. The rich would be growing richer, upon the labour of the poor, by which means monarchy and aristocracy would be supported.

Resolved, That we do not believe in the doctrine of reducing the price of labour, and the value of produce, to the standard of any country but our own. And though it be right for the rich honestly to become richer, we will never consent thereby that the poor shall become poorer.

Resolved, That the unscrupulous and indefatigable means used by the present incumbent to continue his despotic sway over the land, calls loudly for the introduction of the one term principle.

Resolved, That we will use all fair and honorable means to compel Martin Van Buren, in spite of himself, to carry out the one term principle, by giving our cordial support to the Gallant old Soldier, whose life of unsullied purity and patriotism as well in the field as in the councils of the nation, are a guarantee that our interests will be safe in his custody for the next four years.

Resolved, That we cannot support Martin Van Buren, because he was opposed to the last war, and opposed James Madison for the Presidency and supported Dewitt Clinton, the peace party candidate.

Resolved, That we cannot support Martin Van Buren, because we believe he still retains the principles he advocated in the convention to amend the constitution of the State of New York, viz:—"That we were, he said, hazarding every thing by permitting persons to vote at elections who were not property holders; or in other words, denying the poor man the right of suffrage, thereby depriving many worthy citizens of the exercise of one of the most sacred rights of freemen. This is not denied, it never will be, it never can be.

Resolved, That we cannot support Martin Van Buren, because the administration when it came into his hands was free and clear of debt, and now an enormous debt exists, created by wilful waste, extravagance, and peculation. The searching question of the people is, and of right ought to be "where is our money—Officers render an account of your stewardship.

Resolved, That we are called on by every principle of patriotism to oppose the project of establishing a standing army of 200,000 men, which Martin Van Buren said he could not recommend in too strong terms to the consideration of Congress.

Resolved, That we have the most implicit confidence in the ability and integrity of our candidates, WILLIAM HENRY HARRISON of Ohio, for President, and JOHN TYLER of Virginia, for Vice President; and that we believe if elected, they will devote their energies solely to promote the welfare and happiness of the people, and that they will bring to a successful close the Florida war without the aid of Bloodhounds.

Resolved, That believing "as Jefferson said" that the whole art of government consists in the art of being honest, that we hereby pledge ourselves to use all honorable means to promote the election of the sterling and tried patriot

and statesman, Wm. HENRY HARRISON, believing him to be both honest and capable.

Resolved, That the slanders against the character of Gen. Wm. H. Harrison, published in Martin Van Buren's official organ, the Globe and other kindred prints, give the lie to American History, and are libels on the good sense and patriotism of every American President, until the reign of Andrew Jackson.

Resolved, That the elections now going on in the west, are calculated to invigorate and cheer the heart of every sincere friend of our country, and its glorious institutions, and that they are strong indications that the present incumbent of the white house at Washington, will have full and perfect permission to retire to private life after the 4th of March next.

On motion, Resolved, That the President appoint a central county Corresponding Committee, and that said Committee shall have power to call meetings and to appoint Corresponding Committees in the several towns in the county.

The Chair announced the following as said Committee, Hon. Wm. Brodhead, C. W. De Witt, A. Kenner.

On motion, Resolved, That the thanks of this meeting be, and are hereby given to Dr. John Conkling, for his able and efficient address this evening.

On motion, Resolved, That the proceedings of the meeting be signed by the Officers, and published in the Jeffersonian Republican.

- MOSES KELLUM, Esq. Prest.
DAVID SAYRES, Vice Presidents.
HENRY BARNES, Secretaries.
Dr. A. A. LINES, Secretaries.
B. A. BIDDIS, Secretaries.

FOR THE JEFFERSONIAN REPUBLICAN.

Mr. Editor:—You will permit me to occupy a small space in your columns with obituary notices of some of the lovely children, who have been suddenly snatched away from fond parents, by a dreadful disease. The last week will long be remembered in this Village, as one replete with sickness, deaths, funerals and mourning.

On Sunday the 23d ult. about 8 o'clock, Harriett Augusta, a daughter of Rich. Eldred, Esq. expired. The disease which terminated thus fatally after a brief course of three days, was scarlet fever. She was a sweet little girl, aged 7 years and 2 months, who possessed a very amiable disposition, and showed a strong attachment to truth in all her conversation, and whose heart seemed to delight in her Sabbath school, and in religious exercises. Her parents, and sister, and brothers were confounded at the suddenness of the blow, and with many bitter tears shed by them, and sympathizing friends, she was followed to the grave.

On the following Tuesday, Hortense, youngest child of Harvey Roys, Esq., died of the same disease after a sickness of ten days. She had been a very healthy and sprightly little creature, yet her parents were in some measure prepared for the severe bereavement, by seeing her almost "in articulo mortis" during the last three days she lingered with them.

Early on Thursday morning, Mary, a daughter of Samuel Dimmick, aged 3 years and 9 months, was by death released from 8 days of painful sickness. She also died of scarlet fever. An active engaging little girl and quite a favorite with all who knew her.

A few hours latter in the same day, George F. Earl, an infant of 7 months, died probably of the prevailing epidemic. We buried both these children on Friday, yet ere they were deposited in the grave, another had been called away by death.

For about 7 A. M. of Friday the 28th, Mary E. A. Pinchot expired. She received a severe shock of palsey on the previous Monday, which she survived but four days. She was a native of France, who migrated to this country in 1818. Since which time she has been well known in this country, and has been constantly engaged in mercantile business. She died in her 65 year.

The fatal events of the week were terminated late on Saturday evening, when Victoria, daughter of A. W. Haggerty, yielded up her precious life, another victim of scarlet fever. She was a very pleasant little girl who after 10 days of suffering was snatched away from dotting parents in her third year. Thus in one week, six persons have been taken from the midst of us. O that God in his mercy might comfort the mourners, end might say to the destroying angel "it is enough."

Shin-Plaster Government.

While the Loco-focos are tickling the ears of the groundlings with outcries about gold and silver currency; while they sneer at the Whigs relative to the shin-plasters; yet the very government which is grinding the life blood of trade from the people and absorbing it into the public vaults, sustains itself by a miserable issue of shin-plasters—two penny drafts of and three dollars—printed on bank paper, and circulated as currency. These things are abroad, and the people now begin to understand the character of a government which can thus deal with them. War warrants in form of a draft on a BANK are now taking the place of a constitutional currency.

A citizen of Fayette county, Pa., died of lockjaw a few days ago, produced by the stings of bees on the back of his neck.

BRANDRETH'S VEGETABLE UNIVERSAL PILLS.

Cleanse and Purify the Body.

AN AMERICAN SUMMER.

The Weather and its effects.—One day we have 90 degrees of heat in the shade; the next 50. Thus, one day the perspiration is streaming from every pore; the next day all are nearly closed. Even those who have a healthy disposition of body, are subject to sickness under these circumstances.—Therefore to prevent any danger, we ought carefully to guard against a COSTIVE STATE OF OUR BOWELS. Once or twice they must be evacuated in 24 hours. If this is not effected naturally, medicine must be resorted to—BRANDRETH'S PILLS must be taken: then there will be no danger. Do not think that even a DAILY use of these Pills will weaken or debilitate! They do not. On the contrary, the functions of the stomach are restored, the bowels cleansed and strengthened; the appetite and digestion improved. And common sense tells us we are better able to withstand continued heat, or sudden changes than we should be, were we oppressed by a load of impure humors in the blood, always the occasion of every variety of disorder. Often a sudden dysentery occurs. Should there be a cause for this, and it does not take place, then, the blood is made the receiver of those humors, which should have been discharged by the bowels. Under these circumstances, which may be known by EXCEEDING DROWSINESS, and great fatigue on the least exertion, vegetable purging must be immediately and energetically practised, or these humors form a lining or deposit in the blood vessels which may produce epilepsy, apoplexy, consumption, &c. &c. It must be, however, borne in mind that even in dysentery and disorders of the bowels, that BRANDRETH'S PILLS are indispensable. They remove those peccant humors which produce these affections, before they have time to produce gangrene or any other fatal effect.

Sometimes the blood is so loaded with humors that it becomes in a fermentation, being that state of the body called fever, which is nothing more than an effort of nature to throw off all offending matters. This is, in fact, a call upon Reason, to assist the natural functions with purging medicine, which, if properly answered, will soon evacuate these foul humors, and restore the body to a state of perfect health.

It is at all times easier to prevent than to cure disease, because by taking a preventive course we do not debilitate the natural functions of the body, but rather strengthen and assist them. The peculiar action of Brandreth's Vegetable Universal Pills, is to cleanse the blood from all impurities, remove every cause of pain or weakness, and PRESERVE THE CONSTITUTION in such a state of health and vigor so that casual changes cannot effect it.

DR. BRANDRETH'S Principal Office for the sale of his Pills, is 241, Broadway, opposite the Park, New-York. Philadelphia Office is No. 8, North Eighth street.

Remember the under mentioned are the only authorised agents for the sale of BRANDRETH'S VEGETABLE UNIVERSAL PILLS. Purchase of them only in Monroe and Pike counties.

PROSPECTUS OF THE

Jeffersonian Republican, A new Weekly Paper, to be published at Stroudsburg, Monroe County, Pa., and Milford, Pike County, Pa., simultaneously.

The whole art of Government consists in the art of being honest.—Jefferson.

THE JEFFERSONIAN REPUBLICAN in principle, will be all its title purports, the firm and unwavering advocate of the principles and doctrines of the democratic party, delineated by the illustrious JEFFERSON: the right of the people to think, to speak, and to act, independently, on all subjects, holding themselves responsible to no power for the free exercise of this right, but their God, their Country, and her Laws, which they themselves have created.—A free and untrammelled Press, conducted in a spirit worthy of our institutions, is a public blessing, a safeguard to the Constitution under which we live, and it should be cherished and supported by every true republican. Such, then, it is designed to make the paper now established, and as such, the publisher calls upon the enlightened citizens of Monroe and Pike to aid him in this laudable enterprise. The time has arrived when the Press should take a bold and fearless stand against the evidently increasing moral and political degeneracy of the day, and endeavor, by a fair, candid, and honorable course, to remove those barriers which sectional prejudices, party spirit, and party animosity have reared to mar the social relations of men without accomplishing any paramount good.

THE JEFFERSONIAN REPUBLICAN will not seek to lead or follow any faction, or to advocate and support the schemes of any particular set of men. It will speak independently on all State and National questions, awarding to each that support which its merits may demand, never hesitating, however, to condemn such measures, as in the opinion of the editor is justly warranted, holding as a first principle: "The greatest good to the greatest number."

Believing that the great principles of democracy are disregarded by the present Chief Magistrate of the Nation, MARTIN VAN BUREN, the JEFFERSONIAN REPUBLICAN, will decidedly, but honorably oppose his re-election to the high and responsible station which he now holds.

It will firmly oppose the "Independent Treasury" Scheme, and all other schemes having for their object the concentration in the hands of one man, and that man the President of the Nation, all power over the public moneys, a power, which, when combined with that vested in him by the Constitution as Commander-in-Chief of the American forces, Military and Naval, together with an enormous official patronage, would render him more powerful than the Executive of the British Nation, and in short make our Government, de facto an Elective Monarchy.

It will ever maintain that the welfare of our Country and the preservation of her Republican Institutions should be the first and only sentiments of our hearts in the choice of our public servants; that honesty, fidelity, and capability, are the only true tests of merit; that all men are created equal, and, therefore, should alike enjoy the privileges conferred on them by the Constitution without being subject to proscription, or coerced by the influence of party.

The columns of the JEFFERSONIAN REPUBLICAN will ever be open to the free discussion of all political questions, believing as we do, that there is no liberty where both sides may not be heard, and where one portion of freemen are denied the privilege of declaring their sentiments through the medium of the Press, because they differ from the majority.

The JEFFERSONIAN REPUBLICAN will ever take a lively interest in the affairs of Monroe and Pike, and of the Senatorial and Congressional Districts with which they are connected.

The Farmer, the Merchant, the Mechanic, and the Laborer, will each find a friend in the columns of the JEFFERSONIAN REPUBLICAN. Due care will be taken to furnish its readers with the latest Foreign and Domestic News, and such Miscellaneous reading as will be both interesting and instructive. In short it is designed to make the paper worthy of an extensive patronage, both from the strictly moral tone which it will ever possess, and the efforts of the editor to make it a good and useful Family Newspaper.

The JEFFERSONIAN REPUBLICAN will be printed on a super-royal sheet of good quality, and with good type.

TERMS—\$2 in advance; \$2.25 at the end of six months, and \$2.50 if not paid before the expiration of the year. No subscription taken for a less term than six months.
